

BOOSTER SEAT

Black

Blue

Pearl

#5350

A versatile water-filled seat that adds to the comfort and convenience of enjoying the spa. Use as a booster seat or back support. Made of durable, chemical-resistant vinyl. Available in three colors.

INSTRUCTIONS FOR USE

1. Prior to filling with water, add weight to the Booster Seat to prevent it from floating. Insert a small amount of aquarium gravel, sand or other material that will not puncture the Booster Seat.
2. Place the opening of the Booster Seat in front of a jet or insert a garden hose into the opening. Fill completely with water and securely close valve.
